

Yeshivat Yavneh

School Supplies 2011/2012

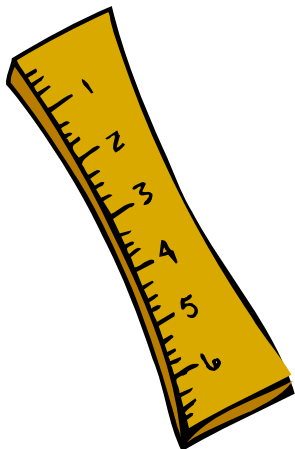

Dear Parents,

Welcome to a happy, new beginning of the school year, one in which you will not need to schlep your kids to Staples for a huge shopping spree! Once again, school supplies are being provided by Yavneh. This means that each student will receive grade level appropriate materials. Primary students will not need to worry about materials as they will be provided in class.

Students will be given basic supplies. Any lost supplies will need to be replaced by families. Of course, if students prefer to purchase special pens or binders, they may.

All students should still have basic supplies at home, which will not be provided by the school. A work center at home should have:

- A desk or other quiet workspace
- A large calendar to keep track of assignments
- Pencils, pens, paper, erasers
- Colored markers and/or pencils
- A dictionary and thesaurus
- An atlas
- Post- it notes
- A ruler
- Calculator

Sincerely,

Rabbi Moshe Dear
Headmaster
